

# Homebuilding & RENOVATING SHOW

## Self-builder

Interested in building your own home?  
A visit to the Homebuilding & Renovating Show is essential to making your project a success and there's plenty on offer regardless of what stage you're at, from beginner to experienced builder.

1

Visit the **Seminar Theatre** for a packed series of **free seminars** – come along and listen to planning expert Sally Tagg at 11:00 talk about navigating your way through the planning permission maze.

2

If costs are a concern, try our seminar on **How to finish your project on time and on budget** or spend some time with our exhibitor – Self Build Zone to check out their mortgage and finance advice, stand 118.

3

The show isn't just about advice – it is also the home of design inspiration. What better place to start planning what your new home will look like than visiting some of the many stands showcasing **design and build packages** – from timber and oak frame suppliers through to the individual architects who can make your **dream home** a reality. Try Potton or Fleming Homes.
